Khalid Shokri

I've built strong skills in data and tech, using tools like Excel, Python, and Power BI to analyse and present information clearly. With nearly ten years of Excel experience and a solid academic background, I've developed strong problem-solving and analytical abilities that prepare me well for professional work.

Profile

I'm a college student studying Creative Media (Digital) with a strong interest in technology and data. I enjoy combining creativity with problem-solving to design and analyse digital content. Through my studies, I've developed solid technical skills and attention to detail, and I'm eager to apply what I've learned in a professional environment.
